

# Take-It-Home Flyers

ELEMENTARY • QUARTER 5

**Group resources really work!**

This Group resource incorporates our R.E.A.L. approach to ministry. It reinforces a growing friendship with Jesus, encourages long-term learning, and results in life transformation, because it's:

**Relational**

Person-to-person interaction enhances spiritual growth and builds Christian friendships.

**Experiential**

What we experience through action and discussion sticks with us up to 9 times longer than what we simply hear or read.

**Applicable**

The aim of ministry is to equip people to be both hearers and doers of God's Word.

**Lifelong**

Experiences transform the heart, moving faith beyond the walls of church and into everyday life for years to come.

# Take-It-Home Flyer Tips

Follow these steps to get Take-It Home Flyers off the ground effectively so they'll cruise on a direct flight home.

1. Follow your Simply Loved Leader Guide. The end of each elementary lesson is strategically written to incorporate these flyers.
2. Read the first page to your whole group of kids first. This is meant to be a quiet prayer time that intentionally connects kids to their friend Jesus.
3. Next, ask the "Talk Starter" question aloud, and give time for kids to discuss and pray in Connect Crews.
4. THEN, *and only then*, distribute Take-It-Home Flyers to kids. If you choose to forgo this strategic order, prepare to have papers whizzing by your head before you're ready for them.
5. Be sure to point out the challenge on the top of the folding instructions page. That'll *really* motivate kids to make sure this page gets home.
6. Be sure to give each helper a copy, too—not to fold for themselves, but so kids can reference the instructions once folding begins.

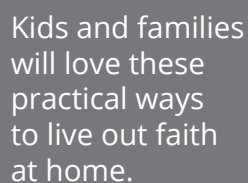

## Prepare for takeoff!

Help your ministry to families really take off with these specially crafted Take-It-Home Flyers. After reading each Jesus-centered flyer and talking with their Connect Crews, kids will follow the directions and fold these flyers into 3-D masterpieces!

Once home, they'll transport meaningful opportunities for Jesus-centered family fun.

**Cool questions help family members tell stories about their own friendship with Jesus!**

Kids and families will love these practical ways to live out faith at home.

After kids make Bible discoveries at church, families can explore more about each lesson's Bible content at home.

## Samuel Anoints David as King

(1 Samuel 16:1-13)

**"I look up to the mountains—does my help come from there? My help comes from the Lord, who made heaven and earth!"**

(Psalm 121:1-2)

## God helps us...and sees our hearts.

If you were king or queen for a day, what would you do? Make everyone serve you? Boss everyone around? Make up laws to get your way?

That's the way a lot of people may act.

But there's a different kind of king out there: Jesus. Instead of making everyone serve him, Jesus came to serve. Instead of bossing everyone around, he found people who needed love and compassion. Instead of making laws so everything went his way, he gave up his whole life when he died in our place.

This King, Jesus, wants to be *your* friend. The more you get to know Jesus and how much he loves you, the more your heart will love him back. You'll start to serve others, too, and you'll show his love and compassion. You may even give up what you want for others.

That's what happens when Jesus is king of your heart. Your heart starts to beat for him!

### Talk-Starters

If you could make a new rule for one day, what rule would you make? Why that one?

### Try-This @ Home

Find your pulse and count how many times your heart beats in a minute. Thank God for the way he made you—inside and out!

# Make this page fly home!

Fold a flyer. When you get home

...ask someone to fly it with you. Each time it lands, the person it lands closest to is King or Queen, and everyone else must obey their commands from when they throw the plane until it lands again.

## Here's how:

- 1 Fold the paper in half lengthwise as shown.

- 2 Unfold, and then fold the top two corners to the center line to create flaps.

- 3 Once again, fold the paper on half.

- 4 Fold the edges down to meet the bottom of the airplane body.

- 5 Take aim, and let it fly!
