### **Relational**

Learner-to-learner interaction enhances learning and builds Christian friendships.

### **Experiential**

What learners experience through discussion and action sticks with them up to 9 times longer than what they simply hear or read.

### **Applicable**

The aim of Christian education is to equip learners to be both hearers and doers of God's Word.

### **Learner-based**

Learners understand and retain more when the learning process takes into consideration how they learn best.
